## Keying Options to fit your facility's needs

### Keyed Different

Each lock is opened by its own unique key which does not open any other lock in the set – complying with the “One lock, one employee, one key” mantra

### Keyed Alike

All padlocks in the set are opened by the same key so only one key is necessary to open numerous padlocks – for employees who need many locks, they still only have one key

### Master Keyed

A master key opens all locks within the system while each lock also has its own unique key – allows for responsible removal of improperly placed or forgotten lockouts according to your emergency notification policy

## 410 Zenex™ Thermoplastic Safety Padlock

- ▶ 1/4in diameter, 1-1/2in or 3in high plated metal shackles
- ▶ High security, reserved for safety cylinder
- ▶ Key-Retaining, ensures padlock is not accidentally left unlocked
- ▶ English, Spanish, and French labels included

410RED

### S1100 Series

Anodized aluminum no-chip finish – Ideal for food processing facilities

## Grip Tight™ Circuit Breaker Lockout

*Greatest Hold Strength Combined with Universal Fit*

Two Lockouts  
Replace  
Many

## Compact Plug Prong Lockout

*Compact Design Locks Out Smaller Plugs Easily & Effectively*

## Personal Lockout Pouches

*Padlocks and Devices for Individual Workers*

- ▶ Zippered pouch is easy to carry or wear with adjustable waist strap
- ▶ Choice of three padlock styles: lightweight, safety Zenex™ Thermoplastic, anodized Aluminum, or durable laminated Steel padlocks
- ▶ Two standard assortment kits available, one designed with an electrical lockout focus, the other for general maintenance
- ▶ Personal Lockout Pouches are for an individual worker; padlocks are supplied keyed-alike for added

1456E1106

1456E410

## Pressurized Gas Valve Lockout

*Fits Pressurized Gas Valves*

- ▶ Patented design works with valve guard in place
- ▶ Fits virtually all pressurized gas valve handles up to 3in diameter
- ▶ Compact size easily stored when not being used
- ▶ Accepts any Master Lock® or American Lock® Safety Padlock
- ▶ Works with lockout hasps for multiple worker lockout

## Ball Valve Lockout Devices

*Effective Lockout for Virtually Any Ball Valve*

**S3068 Seal Tight™  
Handle-On Lockout**

Metal device clamps tight on handle stop. Defies corrosive environments and extreme temperatures.

**468L Seal Tight™  
Handle-Off Lockout**

Device encloses the valve stem, with the handle removed, to make accidental reactivation virtually impossible. Operates in extreme temperatures.

**S3081  
Adjustable Lockout**

Works with S806 cable lockout device for the most secure fit.

**S3476/S3477 1/4 Turn Ball Valve Lockout**

Fits manual, quarter turn ball valve handles to protect against accidental opening. Easy to use one piece design locks valve in OFF position. Two rows of lock out points allow for a secure fit.

## S2151 Removable Push Button and Rotary Switch Cover

## Rotating Electrical Plug Lockouts

Outward/Inward Rotation Allows for Easier Application & Storage

Master Lock Model #	For Electrical Plug Sizes Up To:
---------------------	----------------------------------

Exclusive Rotating Design

## Circuit Breaker Switch Padlock

Provides the Flexibility to Effectively Lock Out Breaker Switches

## Universal Wall Switch Cover

Locks Out Both Toggle and Decora® Paddle Wall Switches

Master Lock Model #	Description
496B	Universal Wall Switch Cover

## S806 Cable Lockout Device

- Integrated safety hasp and cable – ideal for multi-point lockout
- Tough, flexible multi-stranded steel cable is insulated with a clear plastic coating
- Tough, lightweight thermoplastic body withstands chemicals and performs effectively in extreme conditions
- Cable available in 1 ft. increments from 2 ft. to 50 ft.

## Butterfly Valve Lockout Devices

Locks out virtually all butterfly valves

- ▶ Easy-to-use, adjustable design fits virtually all butterfly valves
- ▶ Locks out valve in seconds by feeding S806 cable lockout device through desired eyelet and around valve neck
- ▶ Stainless steel rivet allows device to smoothly pivot open and closed to ensure proper fit
- ▶ Durable, lightweight Zenex™ Thermoplastic material is chemical resistant and performs effectively in extreme environments
- ▶ Directional application arrows allow for ease of installation and minimize user error

S3920 device acts as a wedge between the two handles; locked out with S806 adjustable cable & padlock.

## Rotating Gate Valve Lockouts

Outward/Inward Rotation Allows for Easier Installation & Storage

## Miniature Circuit Breaker Lockout Family

**S2390** – Fits pin-out breakers 11mm or less

**S2391** – Fits pin-out breakers 11mm to 13mm

**S2392** – Fits breakers with pin-in toggles

**S2393** – Fits universal breaker toggles

**S2394** – Tool free universal fit

## Group Lockout Kits

*Modular Lockout/Tagout Organizers*

1458VE410

## Personal Ultra-Durable Lockout Kits

*Electrical, Valve and Combined Lockout/Tagout Toolboxes*

14

- ▶ Upgraded safety lockout toolbox keeps important lockout devices and padlocks together
- ▶ Kits include high-use components, satisfying most lockout applications
- ▶ Personal kits are for an individual worker; padlocks are supplied keyed-alike for added worker convenience
